SOMETIMES THERE IS A MAGIC ABOUT THE DELTA, MAKING US PAUSE AND REFLECT IN WONDERMENT.

SOMETIMES AT PEACE WE REST IN A QUIET SLOUGH, WAITING FOR ANOTHER SURGE OF ENERGY TO CARRY US FORWARD

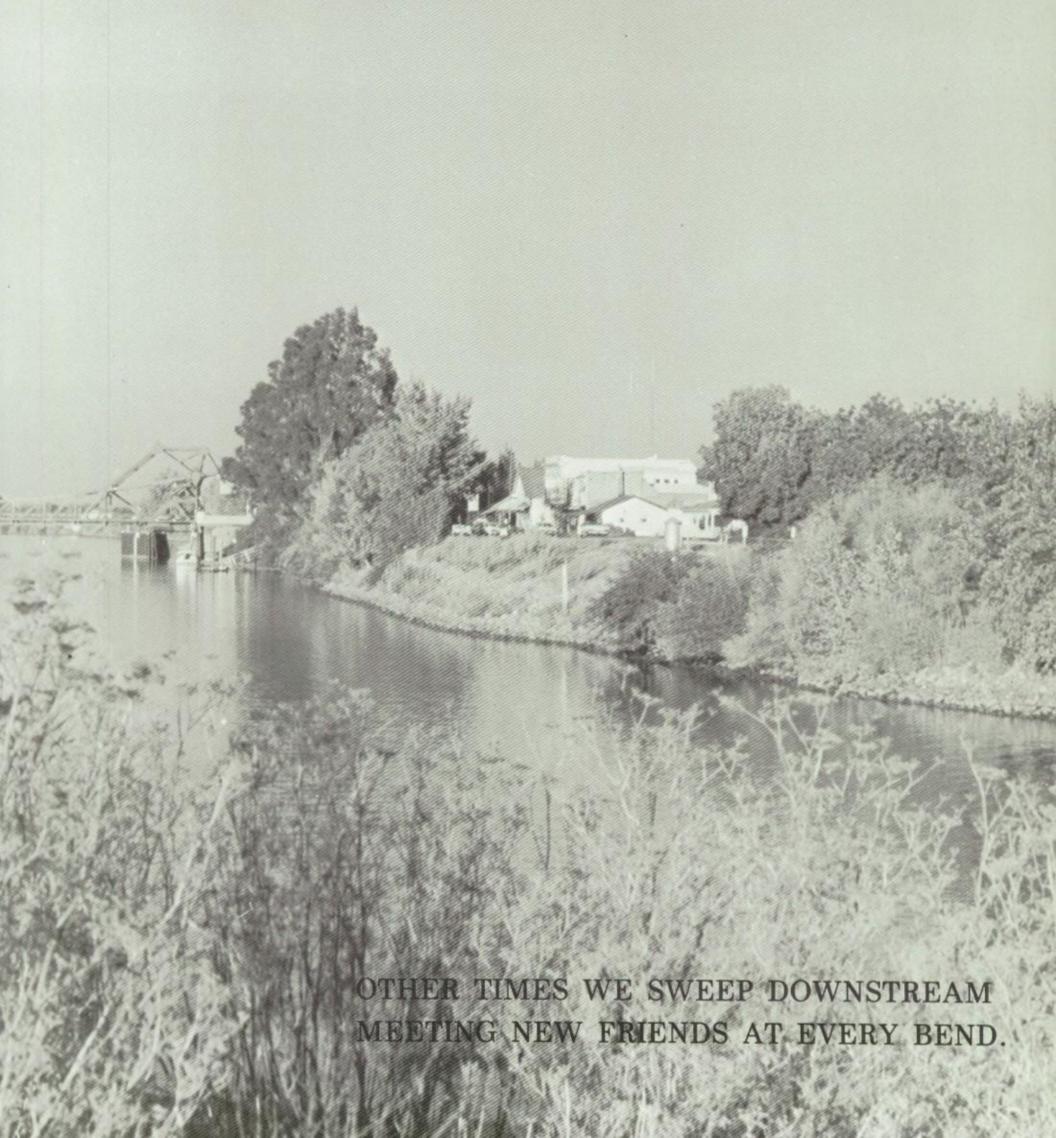

ALWAYS WE ARE SECURE IN THE KNOWLEDGE THAT OUR GENTLE DELTA WILL GUIDE US RIGHT.

DEDICATION

We respectively dedicate our book to Mrs. Ethel Soto, that human dynamo who, without fuss or recognition, keeps this whole conglomeration moving smoothly and serenely.

Mr. Dichara celebrates the thrill of victory.

Learning, whether in school or out, will continue the rest of your life. What you become and your future well-being and happiness will depend a great deal on your ability to take advantage and learn from each experience, whether it be social, vocational, or educational.

Some people are able to learn more from their experiences. That is the key, not the number of years of experience, but the ability to get the most out of each experience.

To the class of 1977, wherever life's journey may take you, my best wishes for happiness and success go with you. We are proud of you, and I'm sure that your future accomplishments will be a credit to Delta High School.

The school year comes and goes so fast that we really don't have time to take it all in. When we actually sit down and reminisce it is sometimes hard to remember everything that's happened during the last nine months. That's where the 1977 Epsilon comes into play. The staff and our advisor, Mr. Burnight, have put in countless hours of hard work assembling this yearbook and I hope it will be as rewarding for you as it has been for me. On behalf of the 1976—1977 Epsilon staff I'd like to wish you all many enjoyable years in the future.
